

Quantity	Value	Interpretation
Exact-quote covered share	78.9	Unified leg-volume share covered by V2/Sushi V2/V3 plus Balancer weighted quote extension
Excluded Curve+Fluid share	16.2	Unified leg-volume share not covered by exact executable-depth quotes
Excluded / covered ratio	0.205	Maximum exact-quote scope exposure relative to covered quoteable venues
Excluded stable-leg share	75.3	Excluded venues are stablecoin-heavy, so route-cost claims must be scoped
